Eastman Stands for Quality

For years the Eastman Film has kept its place in the lead. In fact it was largely due to Mr. Eastman's efforts, begun way back in the early eighties, that the film camera and the movies were made possible. If our Kodak department you can get fresh Eastman films, kept under proper conditions, and as thoroughly right as when they left the factory.

Surprise for Recent Bride—

Wednesday evening a large group of ladies gathered at the A. Bartlett home on North Fourth street, and upon the arrival of the guest of honor, Mrs. Robert Harris, all strolled around to the side of the house, where a reproduction of a certain honeymooners' camp met their gaze. Upon investigation the tent was found to contain, as well as the usual camping articles, a table upon which a shower for the bride was placed. After Mrs. Harris had expressed her surprise and pleasure, all joined in visiting and merrymaking until late, when they gathered around the piano and sang a few songs before departing for their homes. During the evening refreshments of punch and cookies were served.

A July Scorch—

During the past few days the mercury has been playing tag with the top of the thermometer, while humanity sweated. Various gauges over the city yesterday showed a temperature ranging all the way from 90 to 104 in the shade. Nor did the heat diminish to a great extent with the setting of Old Sol, some of the older residents claiming last night to be the hottest night they have experienced here in years. A light shower fell about 10:30 last night, which brought some relief to those trying to get a few winks of rest.

Quine After Punch Boards—

Sheriff Quine today issued an ultimatum. Punch boards are to follow John Barleycorn over the hill to oblivion. Ten days from today, Sheriff Quine will cause the arrest of any person or persons detected operating punch board of any description in the city or county. This practice is much against the law, so the officer stated this morning and it seems that many complaints have been received against the "dime getters" of late. As a consequence, the sheriff has decided to stop such unlawful games of chance, once and for all.—Roseburg Review.
